About iSquared education

iSquared Education was borne out of our belief in the fact that quality education is one of the key contributors to the future of South Africa's success. We also believe that IT can play an integral role in ensuring our schools and universities deliver quality education.

Our objective is to become the trusted information technology partner to all Western Cape schools and universities, who value the role that IT can play in enabling them to facilitate and deliver quality education.

We are focused on giving advice and procuring hardware/software that is an exact fit to our customers' requirements - with 100% transparency. We guarantee that we will share our supplier quotes with our customers if there is any doubt! We understand the budget constraints that our education customers operate within.

Our strong relationships and registered partner status with the following world class vendors enable iSquared to deliver true value:

- Dell, Lenovo, HP, Apple (hardware)
- Microsoft and all other major software vendors (software)
- VMware (server virtualization)
- Fortinet (firewall)
- ESET (anti-virus)

PRICING TRANSPARENCY

Any parent wishing to confirm that the iSquared price is the direct factory cost from distribution plus a 2% administration charge is welcome to request the supplier invoice from Dell Distribution to iSquared. A parent who believes that they have found a better deal online is advised to confirm that they are comparing the same range (Latitude), model & after sales support (5yr Pro Support & Accidental Damage cover).

WARRANTIES AND SERVICES

All options come with:

- 5 Year Next Business Day (NBD) On Site Service (at Bishops)
- 5 Year Accidental Damage (AD) Protection (check what is covered, simple wording)

Cut-off date for orders will be mid-day
5th of June 2017.
